

This invitation allows you to join a select group of rural clinicians who have participated in the

Clinician Partners Program

hosted by the [Charles F. and Joanne Knight Alzheimer's Disease Research Center](#) at Washington University School of Medicine in St. Louis

This 3-day "mini-residency" in dementia diagnosis and care includes:

- ✓ Didactic sessions
 - Overview of Alzheimer's disease
 - Detecting Dementia
 - Differential Diagnosis
 - Treatment of Dementing Disorders
 - Psychometric Evaluation
 - The Clinical Dementia Rating (CDR) interview
 - Driving & Dementia
 - Genetics of Alzheimer's Disease
- ✓ Observations of clinical assessments using the CDR
- ✓ Lab tours
- ✓ Observation of a sliced brain and microscopic review

Attendance is free, and clinician partners receive:

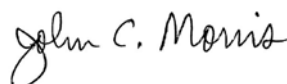

- ✓ 3-night hotel stay
- ✓ Reimbursement for mileage
- ✓ Reimbursement for meals
- ✓ \$500 stipend, plus \$100 completion bonus
- ✓ ~20 hours of Continuing Medical Education (CME) credit
- ✓ Resource packet

Target group includes physicians (MDs & DOs) who see elderly patients in rural areas of Missouri. Other health care providers are also invited to the program, and particular benefits may be granted to them on a case-by-case basis.

The Clinician Partners Program is held several times per year, with the next session tentatively planned for April 10-12, 2013. If you are interested in attending, please contact Jennifer Phillips, MPA:

E-mail: Phillipsj@wustl.edu
Phone: 314-286-2882

All CPP sessions are held on the campus of Washington University School of Medicine in St. Louis

John C. Morris, Director,
Knight Alzheimer's Disease
