Call for 2021 Knight ADRC REC Scholar Applications

PROGRAM DESCRIPTION
The Washington University School of Medicine Charles F. and Joanne Knight Alzheimer Disease Research Center is seeking applicants for the 2021 class of scholars. The scholar program is seeking late post-doctoral or early junior faculty candidates. The goal of the program is to enhance the development of future research leaders in ADRD research.

The 2-year program will support individualized educational activities which may include didactic coursework, mentored experiences with leading AD scientists, externships, and mentored research, travel to the semiannual meeting of the ADRCs. The program will be tailored based on each scholar’s individual skills and career goals and will last two years.

HOW TO APPLY
Completed applications should be sent, in PDF form, to rec@email.wustl.edu and should include:
- Cover page (at end of this document)
- CV
- Two letters of recommendation one from current mentor
- Personal statement regarding goals in ADRD research
- One-page research concept proposal
- Letter of support from department chair stating support for 50% research effort.

Scholars should identify an approved REC mentor (click here for link to list of approved mentors). If you have a mentor you would like considered as a REC mentor, please forward the mentors current other support and trainee table.
