About the Lecturer

Monique Williams, MD, MSCI
Medical Director-VITAS
Healthcare-Saint Louis

Dr. Williams is a graduate of Washington University with a Bachelor degree in Biology and French, MD degree, and Master of Science in Clinical Investigation. She completed her residency and fellowship at Barnes-Jewish Hospital and Washington University. She joined the faculty at Washington University School of Medicine in 2004. She was Assistant Professor of Medicine in the Division of Geriatrics and Nutritional Science at Washington University, a clinician at the Knight Alzheimer's Disease Research Center (ADRC) at Washington University, and Director of the Knight ADRC's African American Outreach Satellite until 2012. Dr. Williams served as Associate Professor and Interim Chief of the Division of Geriatrics in the Department of Internal Medicine at Texas Tech University Health Science Center. She also served as the Director of Geriatric Outreach and Education at the Texas Tech Garrison Center on Aging. Her research focuses on minority aging and health, Alzheimer's disease, ethical issues in research, and health disparities across the lifespan. She is a member of the National Institute on Aging Health Disparities Resource Person Network and was appointed to the Gerontological Society of America Biological Sciences Executive Committee and Minority Issues in Gerontology Committee.

Dr. Williams returned to St. Louis in 2014 where she is medical director for VITAS Healthcare Saint Louis. She is involved in community, clergy, and health professional outreach to increase awareness of the importance of hospice and advance care planning. She continues to provide outreach and education related to optimal care and the address of disparities for persons living with dementia.

Dr. Williams is a member of the National Medical Association (NMA) and Mound City Medical Forum (St. Louis Chapter of the NMA) and she served as the Program Chair for Mound City Medical Program from 2010-2012, 2014-2015. Dr. Williams was elected President of Mound City Medical Forum in 2016.

Directions are on the reverse side of the flyer.
