- June 7 **Is Atherosclerosis the Alzheimer's Disease of Blood Vessels? How the Cardiovascular and Neurodegenerative Fields Can Learn from One Another**
Babak Razani, MD, PhD, Assistant Professor of Medicine and Pathology & Immunology, Center for Cardiovascular Research, Washington University
- June 14 **Combinatorial GWAS for Alzheimer's Disease**
Sharlee Climer, PhD, Research Assistant Professor of Computer Science, Washington University
- June 21 **State of the Knight ADRC Lecture**
John C. Morris, MD, Friedman Distinguished Professor of Neurology and Director, Knight ADRC, Washington University
Note New Location: Connor Auditorium, Farrell Learning and Teaching Center
- June 28 **Purification and Quantitative Characterization of Amyloid-Beta Oligomers from AD Brain Lysates**
Thomas Esparza, Senior Scientist, Washington University

CME Documentation Information:

SPONSORED BY: This activity is being sponsored by Washington University School of Medicine, Continuing Medical Education.

ACCREDITATION: Washington University is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

CREDIT: Washington University designates this live educational activity for a maximum of 1 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

DISCLOSURE POLICY: It is the policy of Washington University School of Medicine, Continuing Medical Education, to ensure balance, independence, objectivity and scientific rigor in all its educational activities. All faculty participating in this activity are expected to disclose to the audience any financial interest or other relationship he/she has with the manufacturer(s) of any commercial product(s) discussed in an educational presentation. All physicians' disclosures were reported and are indicated with their presentations. Speakers are also expected to openly disclose inclusion of discussion of any off-label, experimental, or investigational use of drugs or devices in their presentations.

Presentations are expected to be based on evidence that is accepted within the profession of medicine as adequate justification for their indication in the care of patients. All scientific research should conform to the generally accepted standards of experimental design, data collection and analysis.

These presentations are the views and experiences of the presenters. The presenters' views do not represent the policy or position of Washington University School of Medicine. Washington University School of Medicine, Continuing Medical Education is the sponsor for CME credits.
