

CHARLES F. AND JOANNE KNIGHT ALZHEIMER'S DISEASE RESEARCH CENTER
2017 Tuesday Conference Seminar Schedule
East Pavilion Auditorium - BJH South, 1st Floor
12:00 - 1:00 PM

- Oct 3 **The Blood Brain Barrier in Alzheimer's Disease; the Good, the Bad, and the Ugly**
Seol-Heui Han, MD, PhD, Professor of Neurology and Executive Vice-President for Medicine, Konkuk University, Seoul, Korea, and **Cognitive Outcome of Cholinesterase Inhibitors in MCI**
Jee-young Han, MD, MSc, Postdoctoral Research Fellow, Knight ADRC, Washington University
- Oct 10 **Racial Differences and Similarities in Molecular Biomarkers for AD**
John C. Morris, MD, Friedman Distinguished Professor of Neurology and Director, Knight ADRC, Washington University
- Oct 17 **12th Annual Norman R. Seay Lecture - Lessons Learned & Future Directions: Addressing Dementia Disparities and Achieving Inclusion in Dementia Research**
4:15 pm Monique Williams, MD, MSCI, Medical Director, VITAS Healthcare, St. Louis
*****4:15 pm To be Held in Connor Auditorium*****
- Oct 24 **Tau-PET in Preclinical AD**
Stephanie Schultz, Benzinger Lab, Washington University
- Oct 31 **Legacy Beliefs Across Generations: Qualitative Findings & Future Directions**
Tom Meuser, PhD, Professor of Gerontology, Interim Associate Dean, College of Arts & Sciences, UMSL
- Nov 7 **Tracking the Intracellular Itinerary of APP and de Novo Amyloid Beta Generation Using Fluorogenic Click Chemistry**
Leah Czerniewski, Lee Lab, Washington University
- Nov 14 **Strategies for Increasing Rigor and Reproducibility in Research**
Mae Gordon, PhD, Professor, Ophthalmology and Visual Sciences and Professor, Division of Biostatistics, Washington University
- Nov 21 **Understanding the Aging Brain: Gender, Genes, and Modifiable Lifestyle Factors**
Judy Pa, PhD, Assistant Professor of Neurology, Neuroscience, and Biomedical Engineering, Keck School of Medicine of University of Southern California
- Nov 28 **New Insights into Tau Metabolism from Mass Spectrometry Analyses**
Nicolas R. Barthelemy, PhD, Postdoctoral Fellow, Bateman Lab, Washington University
- Dec 5 **Rapid, Remote, Repeatable, and Reliable: Smartphone-Based "Burst" Cognitive Assessments**
Jason Hassenstab, PhD, Assistant Professor of Neurology and of Psychological & Brain Sciences and Director, Cognition Core, Dominantly Inherited Alzheimer Network-Trials Unit (DIAN-TU), Washington University
- Dec 12 **How My Work as Part of the Knight ADRC has Shaped my Thinking About Psychiatric Illnesses**
Gene Rubin, MD, PhD, Professor Of Psychiatry, Washington University
- Dec 19 **No Seminar – Winter Break**
- Dec 26 **No Seminar – Winter Break**

CME Documentation Information:

SPONSORED BY: This activity is being sponsored by Washington University School of Medicine, Continuing Medical Education.

ACCREDITATION: Washington University is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

CREDIT: Washington University designates this live educational activity for a maximum of 1 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

DISCLOSURE POLICY: It is the policy of Washington University School of Medicine, Continuing Medical Education, to ensure balance, independence, objectivity and scientific rigor in all its educational activities. All faculty participating in this activity are expected to disclose to the audience any financial interest or other relationship he/she has with the manufacturer(s) of any commercial product(s) discussed in an educational presentation. All physicians' disclosures were reported and are indicated with their presentations. Speakers are also expected to openly disclose inclusion of discussion of any off-label, experimental, or investigational use of drugs or devices in their presentations.

Presentations are expected to be based on evidence that is accepted within the profession of medicine as adequate justification for their indication in the care of patients. All scientific research should conform to the generally accepted standards of experimental design, data collection and analysis.

These presentations are the views and experiences of the presenters. The presenters' views do not represent the policy or position of Washington University School of Medicine. Washington University School of Medicine, Continuing Medical Education is the sponsor for CME credits.
